

## **Abbas Shaikh, Sr. Scientist, Innovative Plastics Program Received 6<sup>th</sup> Prof. Sukumar Maiti Foundation Polymer Award.**

Prof. Sukumar Maiti Polymer Award Foundation is a non-profit registered society established in 1988 at Kolkatta, for the recognition of Prof. Sukumar Maiti's contribution to the field of Polymer Science and Technology. Since it's inception the foundation has taken the task to encourage the various activities of Polymer Science and Technology by Academicians, Scientists, Industrialists and others to popularize polymers education to the public within the country. In addition to these, one of the activity of foundation is also to recognize the productive scientists/technologists by giving award in a national seminar organized by the foundation.

The nominations for the award are invited from India from individuals nominated by organizations and is supported for R & D work carried out within the country is considered for the assessment

Original work related to polymer science and technology generating innovative ideas, transfer of technologies, application of polymers, industrial processes and valued patents is considered for the award.

Earlier five Award winners are from various research organizations and Universities from India. This year's Sixth Foundation Award has been awarded to Abbas Alli Shaikh and the award was presented in a national seminar on *“Emerging trends in Polymer Science and Technology”*; *Poly-2009, held in Department of Chemistry, Saurashtra University, Rajkot from October 8-10, 2009.*
